

Your dangerous cargo in safe hands

More and more items are classified as hazardous. Seemingly innocuous items, such as household goods, medical equipment and automobile or aircraft spare parts contain a wide variety of potentially hazardous substances. Yet, every day, we carry these risky shipments safely and efficiently.

over **50**
years of experience in
handling DGR cargo

We carry

Lithium Ion Batteries/Cells

in full compliance with the
applicable IATA regulations *

*restrictions do apply. Please contact your local station for more information

Your benefits with CV hazmat

- CV hazmat expertly handles any hazardous shipment
- Licensed for acceptance, storage and loading for all categories of dangerous goods at origin, in transit and at destination
- Worldwide support of dangerous goods shipments by our ground handling agents
- Specially designed storage areas fitted with alarms and emergency equipment at the LUX hub, minimizing the risk of damage or injury during handling, in the event of spillage and leakage
- Spacious cargo holds allow strict segregation of incompatible dangerous goods as well as separation from other sensitive cargo
- Strict adherence to the IATA Dangerous Goods Regulations, approved by ICAO, the International Civil Aviation Organization

you name it, we fly it!
